6TH SEPTEMBER, 2013.

Dear Thomas,

I salute you in Jesus's name and I thank you for all the support.

Last term was very interesting and we had various events such as: The prefects handover where by the old prefects had to give a chance to the new prefects to go into power. Our school also had a science competition in subjects chemistry, Biology, physics, Mathematics and also Computer and our school emerged the best.

Unfortunately, I did not qualify with my colleagues to go for the competition because our chemistry project was counselled and the chemistry project members had to go.

I do not have much to say but send my greetings to all.

Your truly,
Mbekeka Angella.
